Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant's representative agreed to submit lighter contrast drawings to exhibit the claimed invention. Applicant's representative agreed to try to lower the contrast of the original drawings and re-submit the drawings that currently stand as objected.

Applicant's representative agreed to remove the indefinite claim language with regards to claims 9, 27 and 38.

Applicant's representative intends to combine objected to claim 13 with independent claim 1. The Examiner agreed that combining the previously objected to claims with the claim from which they depend would result in allowability, save any new art was found in a forthcoming update search (performed once the amendment is formally filed.)

A handwritten signature in dark ink, appearing to read 'BRIAN WERNER', written over a horizontal line.
